

BARISTA ATTITUDE

STORM & TEMPESTA

Storm & Tempesta are equipped with a capacitive 5" display per group, with which it is possible to:

- Set the dispensing temperature for each group
- Display the graph of the last coffees prepared
- Set the power saving mode
- Program doses
- Display counters
- Wash group
- Connect to the Cloud Server

Adjusting the machine's drip tray allows baristas keeping the cup at the most appropriate level. Ordinary cleaning operations are also more fluid and homogeneous thanks to the machine's rounded shape, while washing is made easy by two slider lanes that allow the insertion and the frontal extraction of the drip tray

Equipped with the SB (Steam Boost) option, which can be activated by the technician during installation or is available in the Extreme Steam Boost version, which can maximize the efficiency of steam production, as needed. SB increases steam production by activating the heating units even during high-volume espresso making (alternating power between service and coffee heating units). In the ESB version, however, steam production is maximum, all heating units on Tempesta can be activated at the same time, minimizing the recovery time of the machine (maximum absorbed power for 2GR 5800/6315 W/h and 3GR 7333/7985 W/h).

Astoria Coffee Machine

Historical brand of the Italian tradition of espresso machines, founded in 1969, Astoria is headed by the Holding Ryoma of Milan. The 20,000 square meter production facility opened in 2007 in Susegana, near Treviso, which makes Astoria the largest single professional coffee machine factory.

Astoria focuses on providing quality machines at an affordable price. Aside from their affordability, espresso machines produced by Astoria are known for their longevity and ability to produce exceptional espresso based beverages.

Espresso Coffee Machines

STORM SAE/2

No. of Groups: 2
Dimension (mm): 1035 x 618 x 500
E. Power (Ph / kW): 3 Ph / 5.23 kW
Steam Boiler Size: 8.5 L
Coffee Boiler Size: 2 x 0.5 L

CORE 200 SAE/2

No. of Groups: 2
Dimension (mm): 747 x 493 x 511
E. Power (Ph / kW): 1 Ph / 3.70 kW
Boiler Size: 10.5 L

TANYA SAE/2

No. of Groups: 2
Dimension (mm): 715 x 535 x 515
E. Power (Ph / kW): 1 Ph / 3.90 kW
Boiler Size: 10.5 L

INDIGO EVD/2

No. of Groups: 2
Dimension (mm): 740 x 555 x 515
E. Power (Ph / kW): 1 Ph / 3.70 kW
Boiler Size: 10.5 L

TANYA SAE/1

No. of Groups: 1
Dimension (mm): 505 x 535 x 515
E. Power (Ph / kW): 1 Ph / 3.20 kW
Boiler Size: 6 L

GRETA SAES/1

No. of Groups: 1
Dimension (mm): 35 x 545 x 511
E. Power (Ph / kW): 1 Ph / 2.70 kW
Boiler Size: 2 L
